SPECIAL EVENTS

FIRST GEAR

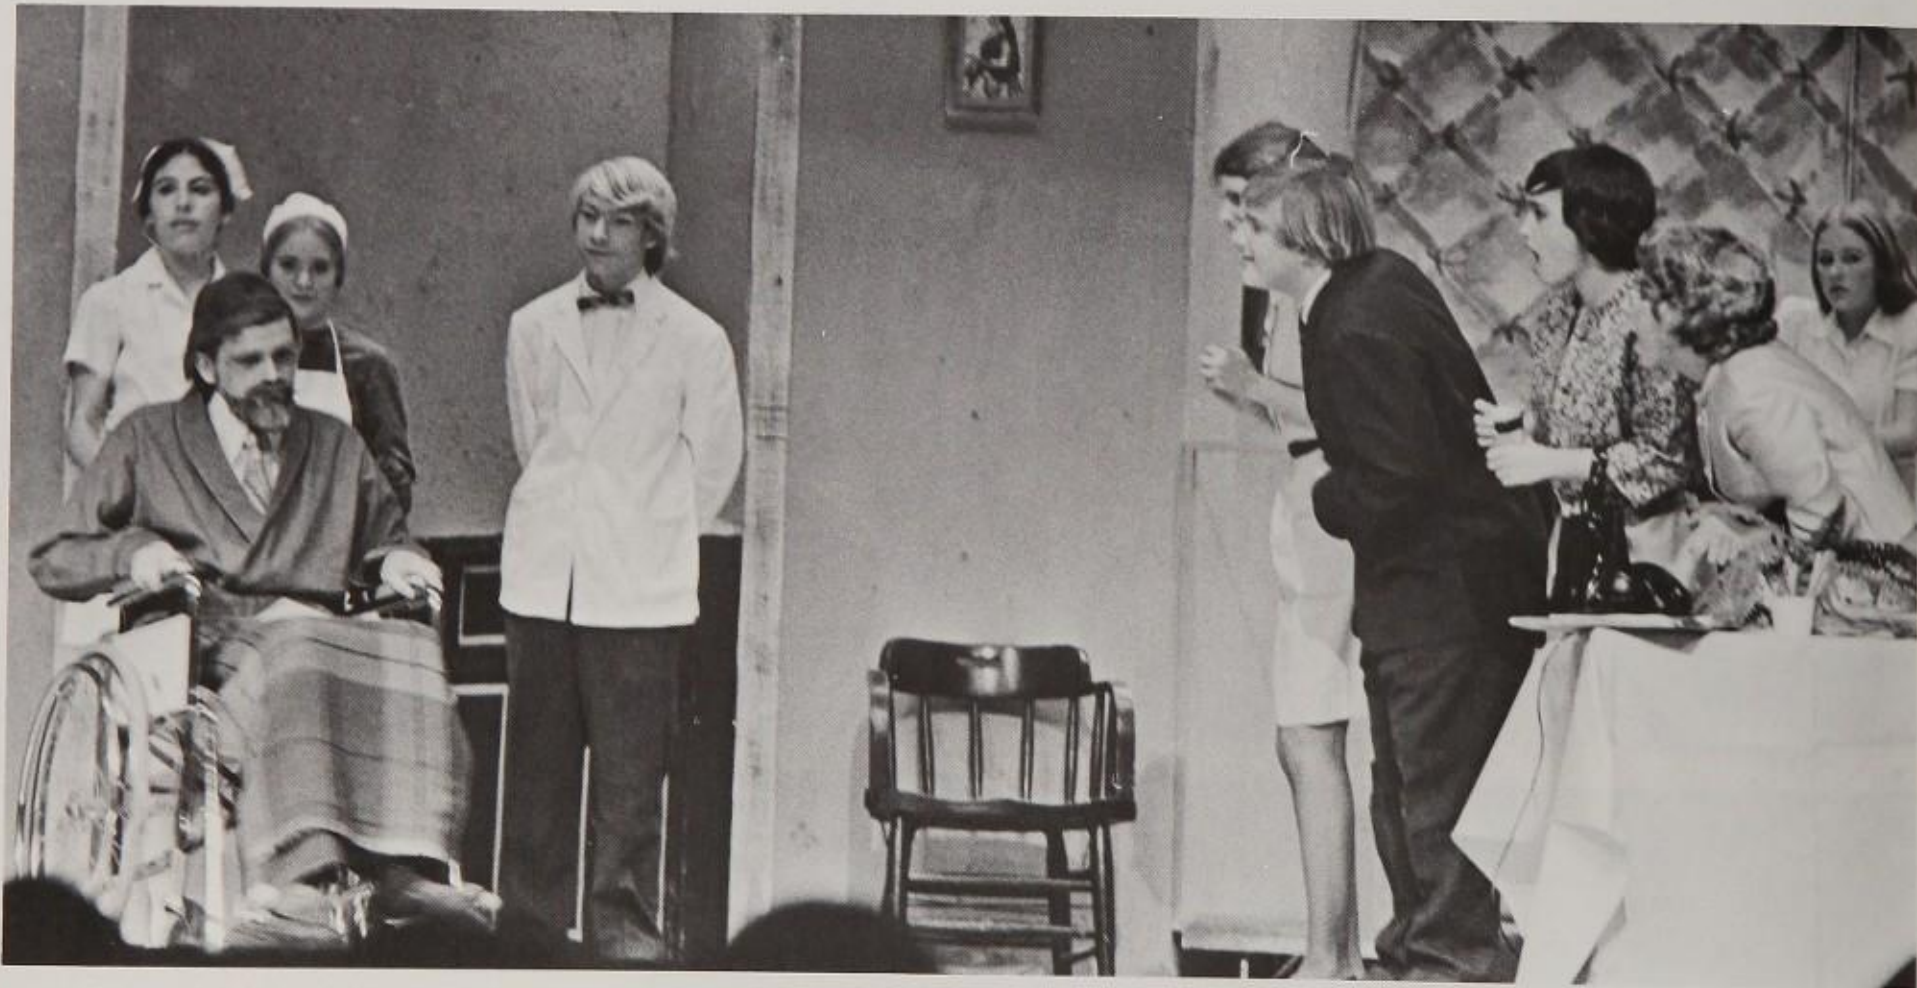

For the first time in the 13 year history of "It's Academic", a Herndon High School Team won 3 games and advanced all the way to the Washington Area Finals. Team Members Mark Barton, Keith Carpenter, and Christopher Wist practiced every day after school with Sponser Miss Mary Duke and alternates Steve Drill, Gilad Gordon, and Ruth Polishuk, trying to improve their speed and accuracy. After winning their first 2 games by wide margins, they eaked out a narrow victory in the Semi-Final against Springbrook and Loudon Valley. Both Herndon and Springbrook had scored 50 point bonuses and were tied at 455 all going into the final free for the round. Herndon pulled away to win with a score of 555 to Springbrook's 515 and Loudon Valley's 450. Herndon won a minimum of \$2,100 in scholarship money this year, with a chance to win almost 5,000 dollars if they won the Final and Washington-Baltimore Inter-City Championship. They were scheduled to compete in the Final against Sidwell Friends and Walt Whitman on April 26, 1974.

FOOTBALL

The varsity football team did not have the season they would have liked to have had, but despite this, spirit was very high.

The only places where win-loss records really count are in professional sports. In professional football, the player is out to win money. There are other goals, but the main factor is still money. In high school football, other benefits take the place of money, such as enjoyment, learning, discipline, and spirit. The members of the varsity football team gained all of these and many more. Taking this into consideration, the football team deserves much credit.

The freshman team had a very good season. They are expected to make an exciting varsity team in 1975-76.

BASKETBALL

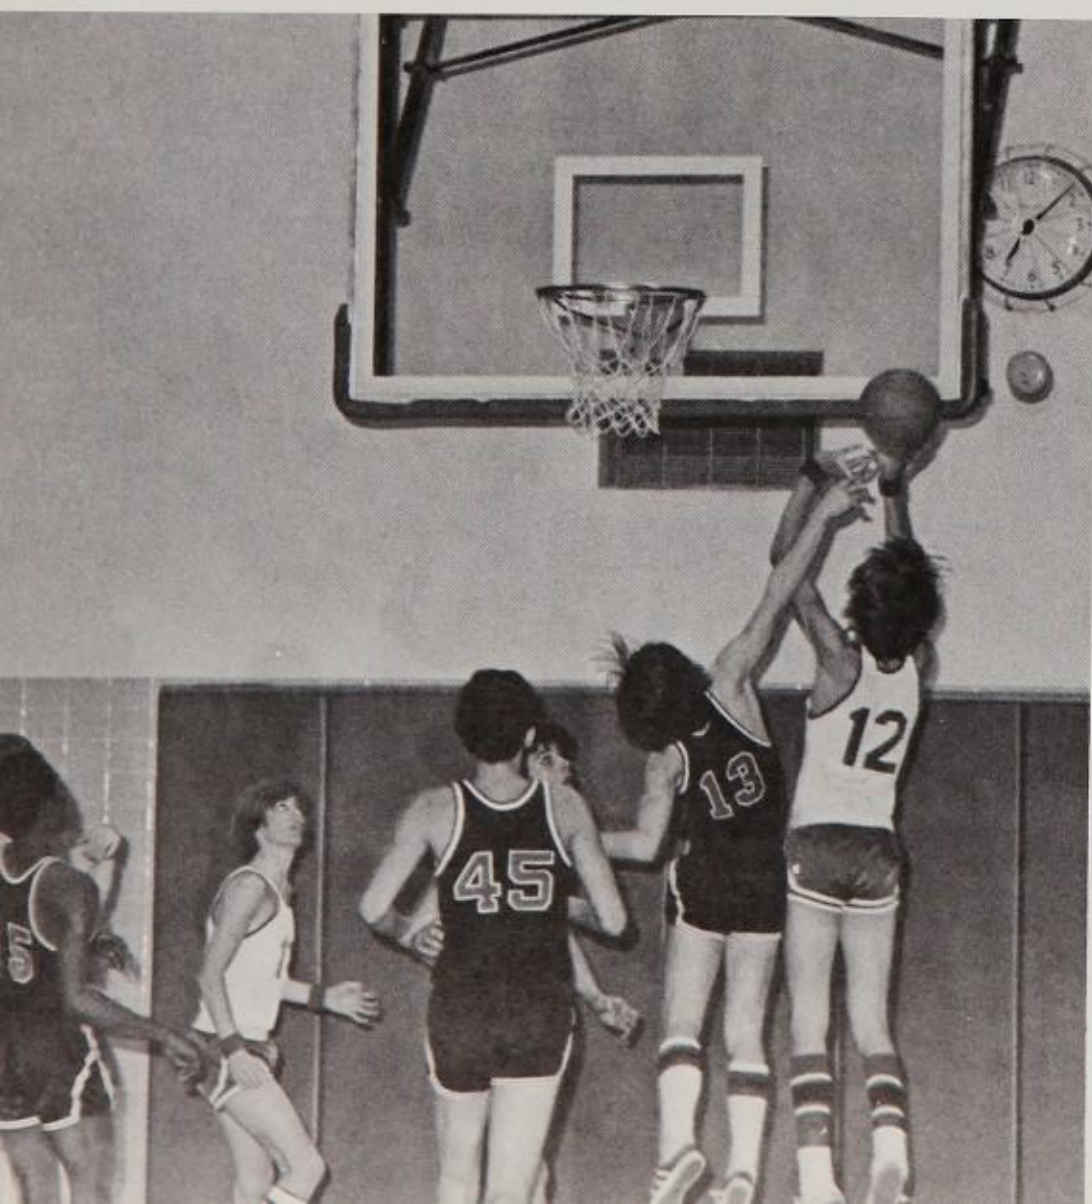

The basketball team's record in the regular season this year with eight wins and ten losses overall, with a disappointing record of six wins and ten losses in district competition. Our sixth place finish in district was due to the inexperience of several players in the beginning of the year, but after the first four games of the season we began to win.

Coach Jessup installed an excellent, new fast-break offense, which contributed greatly to our success. We were fortunate to have five starters who could score, for a well balanced attack. Steve Schultz was the leading scorer, with Mark Nepivoda and Rick Mabry close behind. Mark Pagano, Steve Schultz, and Bo McGrath provided good rebounding, as well as scoring. Jim Welch did an outstanding job as manager of the team.

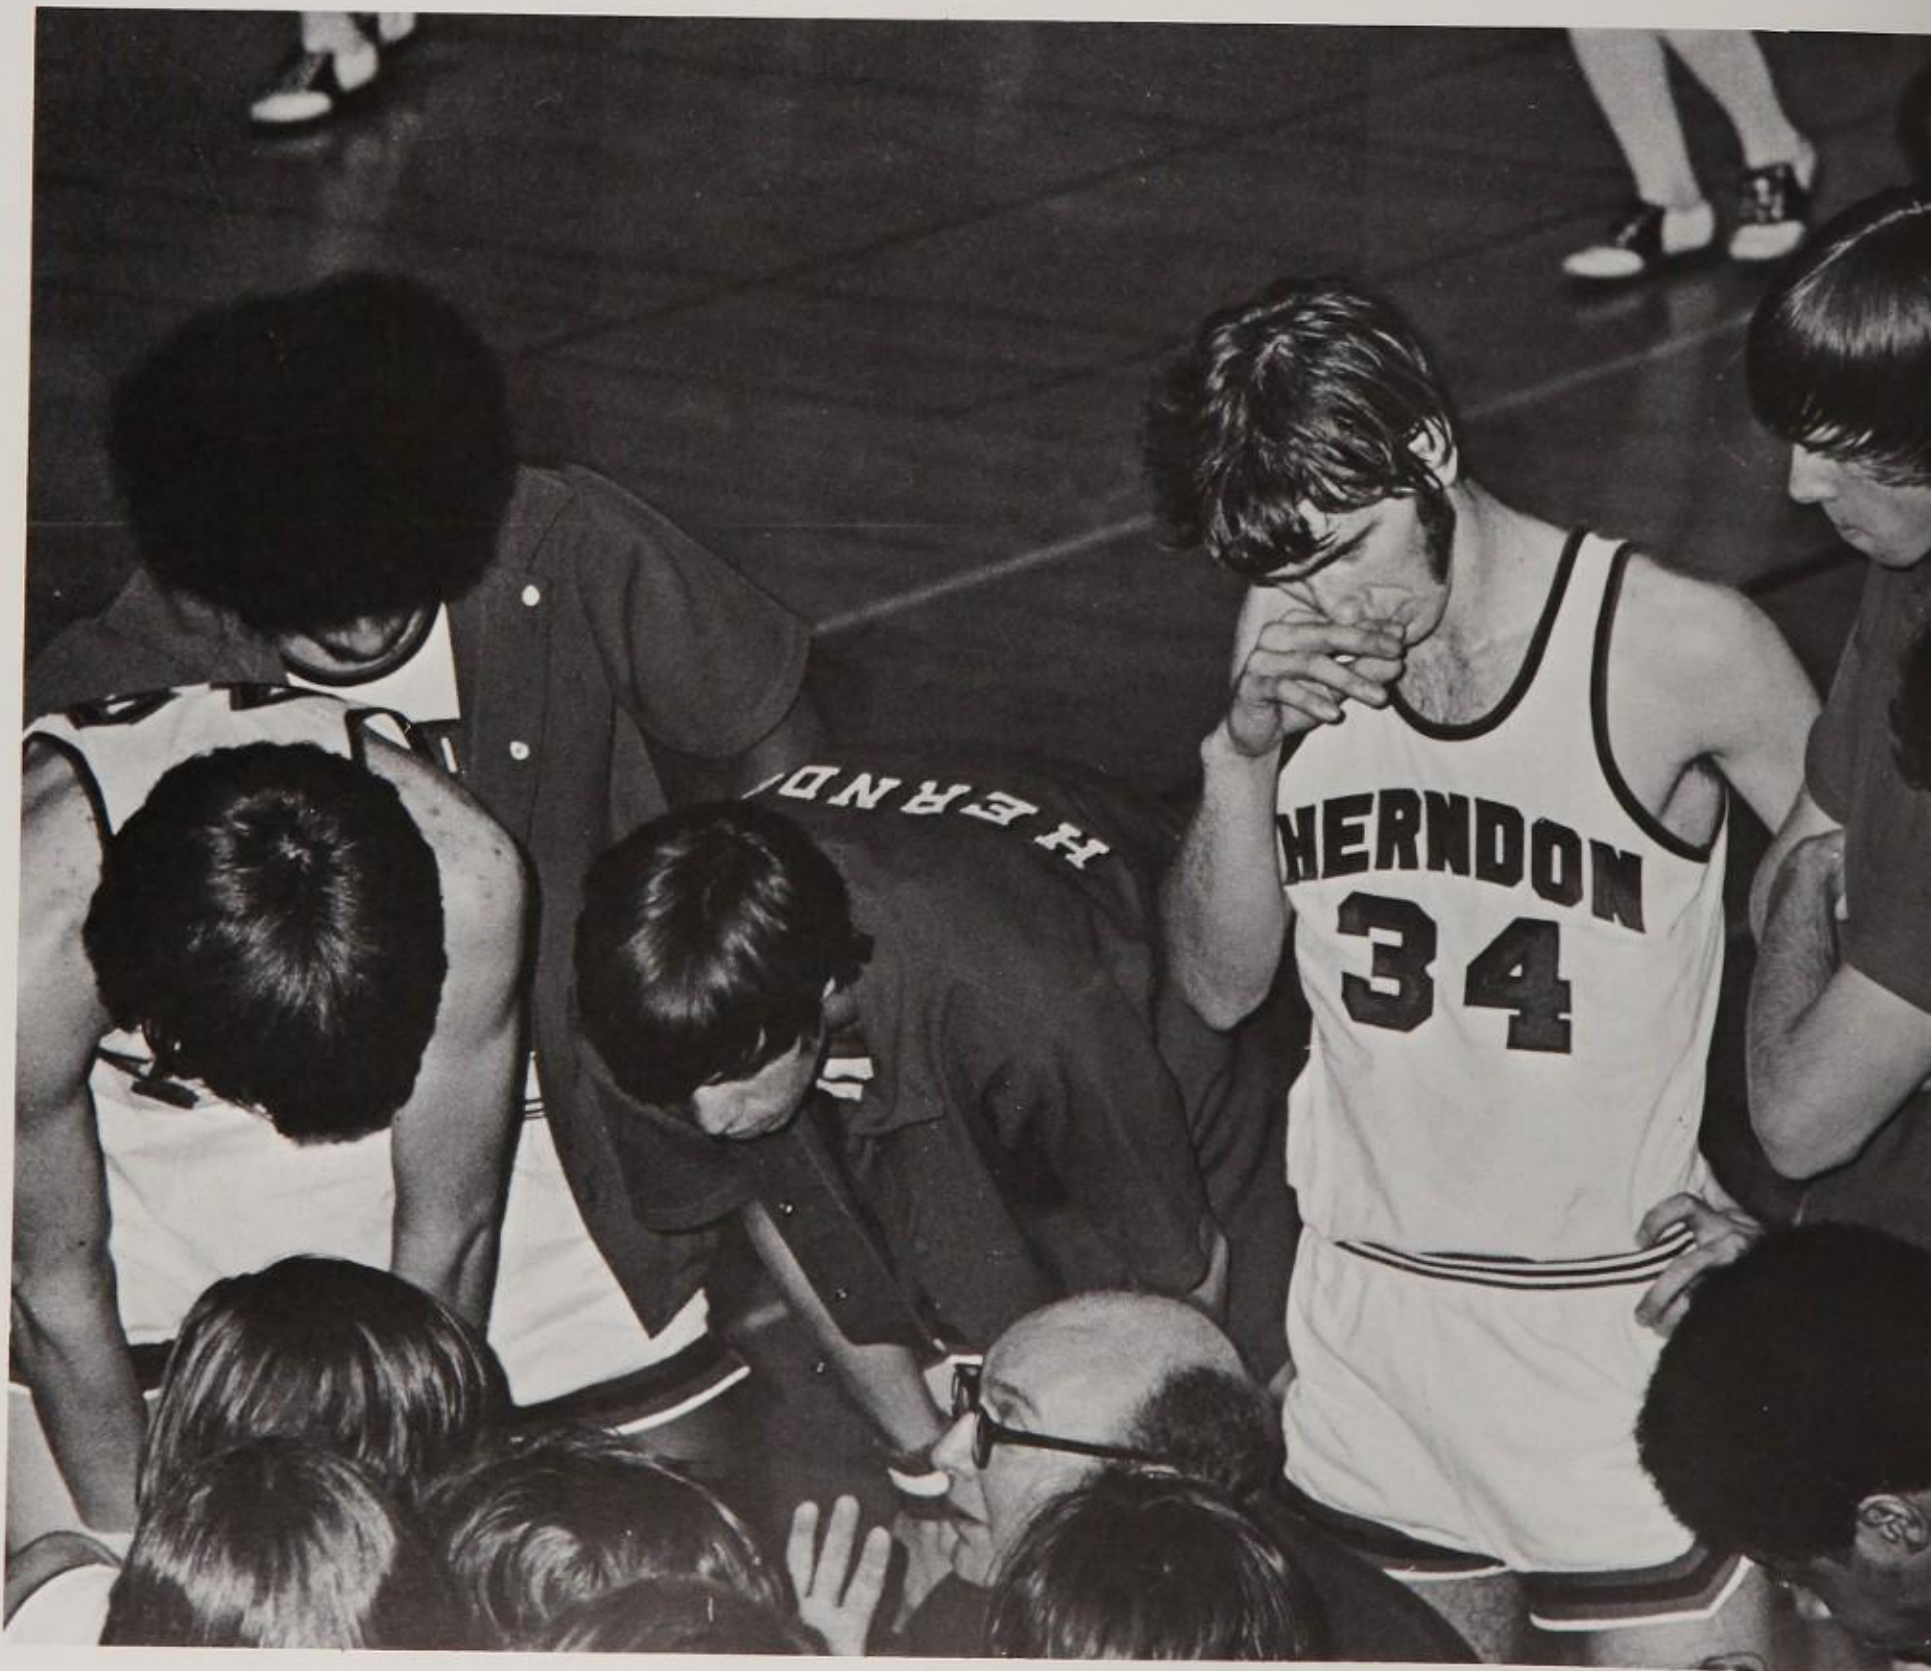

All of the team practiced hard to improve and win in the district tournament. We defeated Madison in our first game of the tournament with an outstanding effort from the team, coach, and fans. The next night we came back with the same formula to defeat Marshall and assure a place in the regional tournament.

Field hockey has long been misunderstood. Many see it as being dangerous, even brutal. Not so if the proper technique is utilized!

It is a game that requires skill and finesse. It demands that the participant make quick and intelligent judgments that will affect herself and her teammates. It also requires a great deal of teamwork in order for a team to execute the game in a proper and successful manner.

The girls who participated during the 1973 season at Herndon possessed all of the above mentioned qualities, and were therefore able to enjoy a successful and rewarding season. Add to their skill, their spirit of competition and togetherness, their willingness to make the necessary sacrifices and efforts and you can find the key to most successful hockey season that Herndon has enjoyed in many a year.

Varsity's overwhelming desire to win the district championship worked against them in their final game, causing them to try too hard; however, no. 2 is surely an enviable position and besides, standings don't tell the whole story. This year's teams possessed a "special something" that has enshrined them in the hearts and memories of their coaches for a long time to come.

TRACK

"Any man can do anything he wants to, but his success depends on his ability to believe that." This is not a quote from a gold medalist or any other famous person. It was said by someone who has won much more than a victory in sports. It does, however, have much to do with a sport such as cross country track. "Success" is not only in winning but rather in gaining confidence, improvement, and satisfaction. This must be learned before anyone can get anything out of a sport, even enjoyment. It was very apparent that each of the members of the Herndon High Cross Country team found this out.

It seems very likely that if a poll was taken to see how many of the students knew what kind of season the team had, the majority of them would not know. It is not easy to have any kind of team spirit with this kind of support. A few dedicated people went on despite this, to compete in cross country for this school. It might be added that they did this quite well, too.

SWIMMING

1973-1974 season was the second year for the Herndon Water Hornets. To say the least it was an outstanding year being undefeated in the Great Falls District. The team this year was comprised of 50 swimmers and divers. This is the only coed varsity sport at Herndon High.

TENNIS

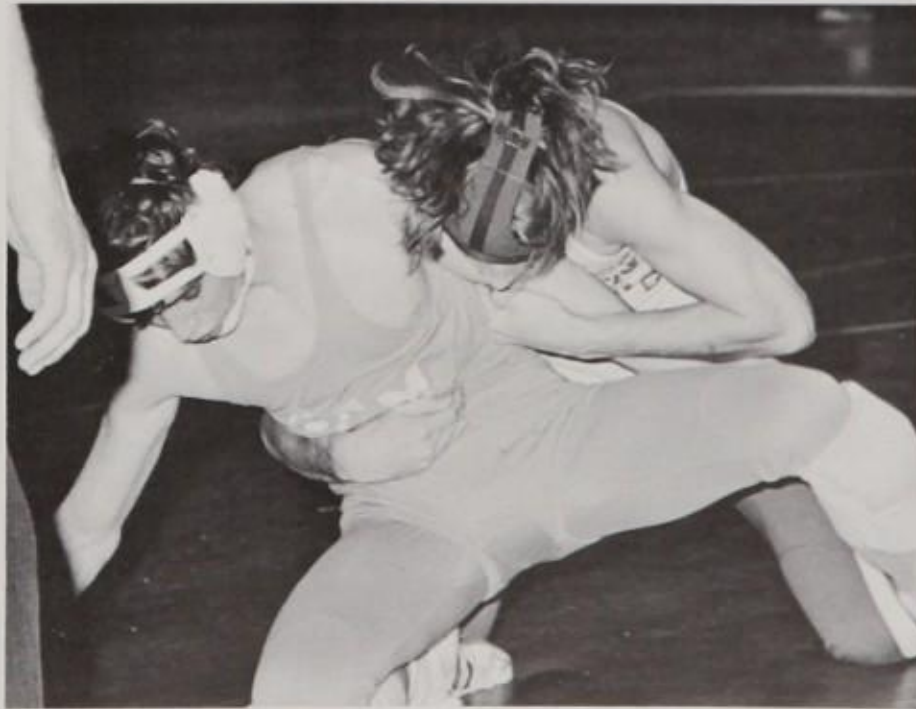

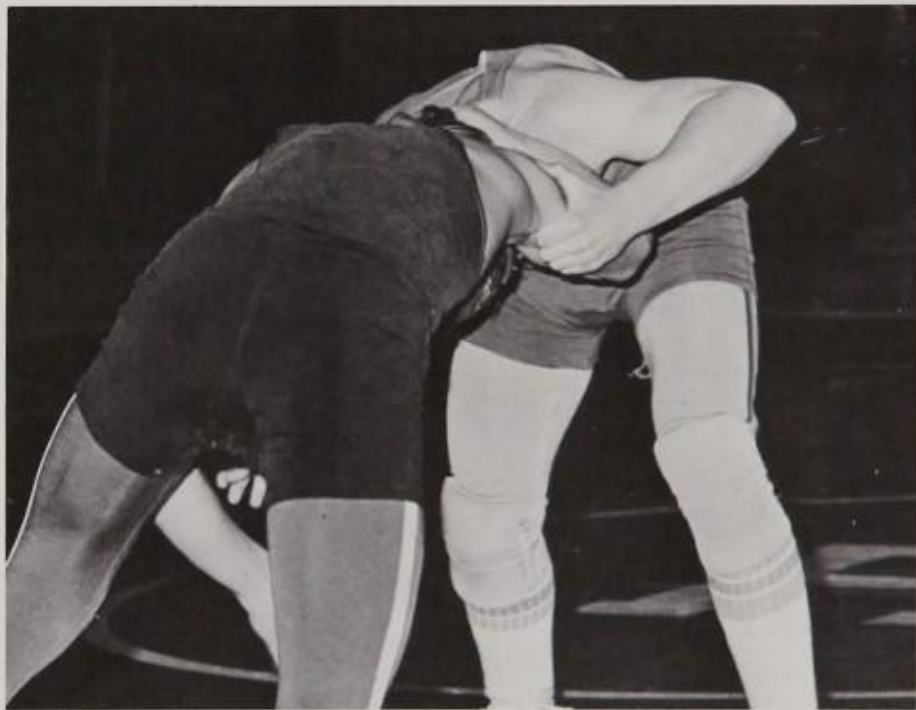

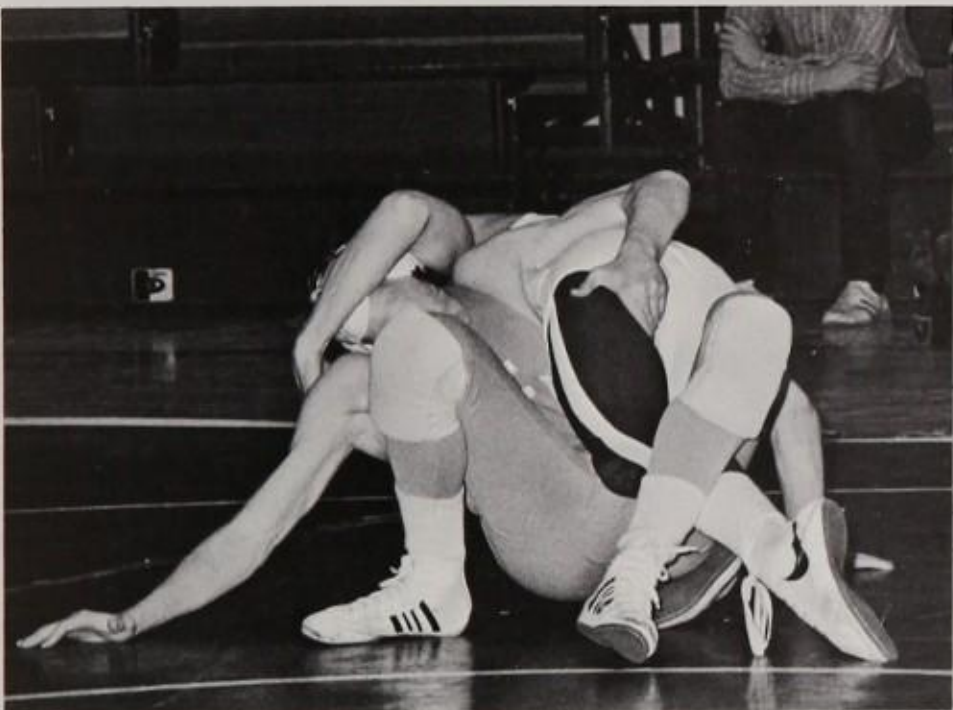

Girl's Tennis

Tennis is a sport that is growing tremendously in popularity. It is often an underestimated sport. Tennis is not as simple as it may seem. Although it may appear that it would be very easy to go out and hit that little ball across a low net with a good sized racket, if you have ever tried it, you know that it is not quite that way at all. It takes much hard practice to excel at tennis. The girls of Herndon High Tennis Team showed how much they practiced by the ways they excelled, ending the season with a 7 win, 2 loss record. If you thought that the Billy Jean King vs. Bobby Riggs match was exciting, you should have seen the girls of the Herndon team. The team consisted of Terry Brown, Linda Clark, Jonell Dunn, Cathy Hoebel, Ginette Hemley, Lisa Kauffman, Rosonne Lacci, Laura MacDonald, Maureen Malone, Gail Short, Ellen Spalding, Suzanne Griffin, Holly Ketchel, Nan Rich, and Susie Weber. The coach was Miss Ellen Lohse.

1-2-3-4-kick-kick-kick-7-8! . . . a football play? Nope! Just the latest step being added to one of the many Drill Team routines performed at home football and basketball games throughout the year. Each member of the Drill Team has gone through an intensive tryout session, a summer filled with afternoon and evening practices, (some members even attend a drill team camp), regular practices twice a week during the school year, pre-game practice and tryouts before she finally gets to perform!

However, for a few exciting, breathtaking moments each game, the time and trouble of putting together and perfecting a routine pay off. Applause—the reward for many tiring, trying, anxious, but usually happy hours.

1-2-3-4-step-kick-step-kick! What's this?? Oh—just starting the next routine!

FORENSICS

Forensics consists of 5 categories:

- prose
- poetry reading
- original oratory
- extemporaneous speaking
- written spelling contest

In these different contests girls and boys do not compete together in any oratory activity.

1st place winners only, from the schools go to the District competition in each event. 1st and 2nd place winners at the District level go to Regionals and the 1st and 2nd place winners there go on to the state level.

Usually 30 to 40 students participate at the school level. Unfortunately not enough students take an interest so much of the talent goes "undiscovered."

It is not a club; it is an activity. If there were more interest a club could be formed. There are other opportunities to compete such as the Washington Forensic League.

What is FHA:

The Future Homemakers of America is the national organization of students studying consumer and homemaking education. The organization provides opportunities for developing individual and group initiative in planning and carrying out activities related to the home and community.

The overall goal of the organization is to help individuals improve personal, family and community living, now and in the future.

The eight purposes are:

1. To promote the joys and satisfactions of homemaking.
2. To strengthen the function of the family as a basic unit of society.
3. To encourage democracy through cooperative action in the home and community.
4. To become aware of the multiple roles of men and women in today's society.
5. To improve national and international relations.
6. To provide opportunities for decision-making and for assuming responsibility.
7. To involve youth with adults in individual and group activities.
8. To develop interest in home economics, home economics careers, and related occupations.

GERMAN CLUB

The German Club, although relatively small, did a lot of things this year. In October, they went to the Shenandoah Valley for a hike. In November it was a play in Washington, December was the Inter-Club-Activity-Assembly. To start out the new year they had another activity, going to a German Restaurant. To end their activities for the year the members showed their acting talent in a German play. Not only did these activities promote the German culture but it also promoted a lot of fun.

NOTES

Julie,
 Good Luck always,
 You've been a good friend.
 I wish you all the happiness
 in the world. Stay as sweet
 as you are always,
 B.L.L., Suzanne Rose

I'm glad somebody else is here! Who? You.
 It gets pretty lonely at these bus stops
 since daylight savings time.

GOOD BYES

Good! Here comes the bus! I hope we get a seat.

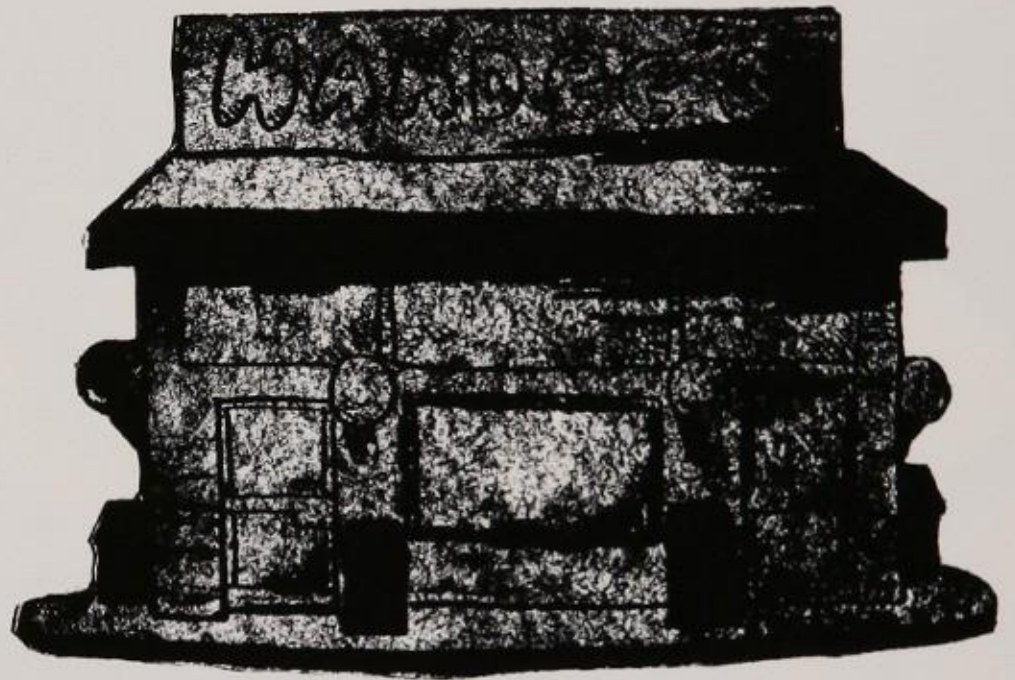

AUTOGRAPHS

John Olean

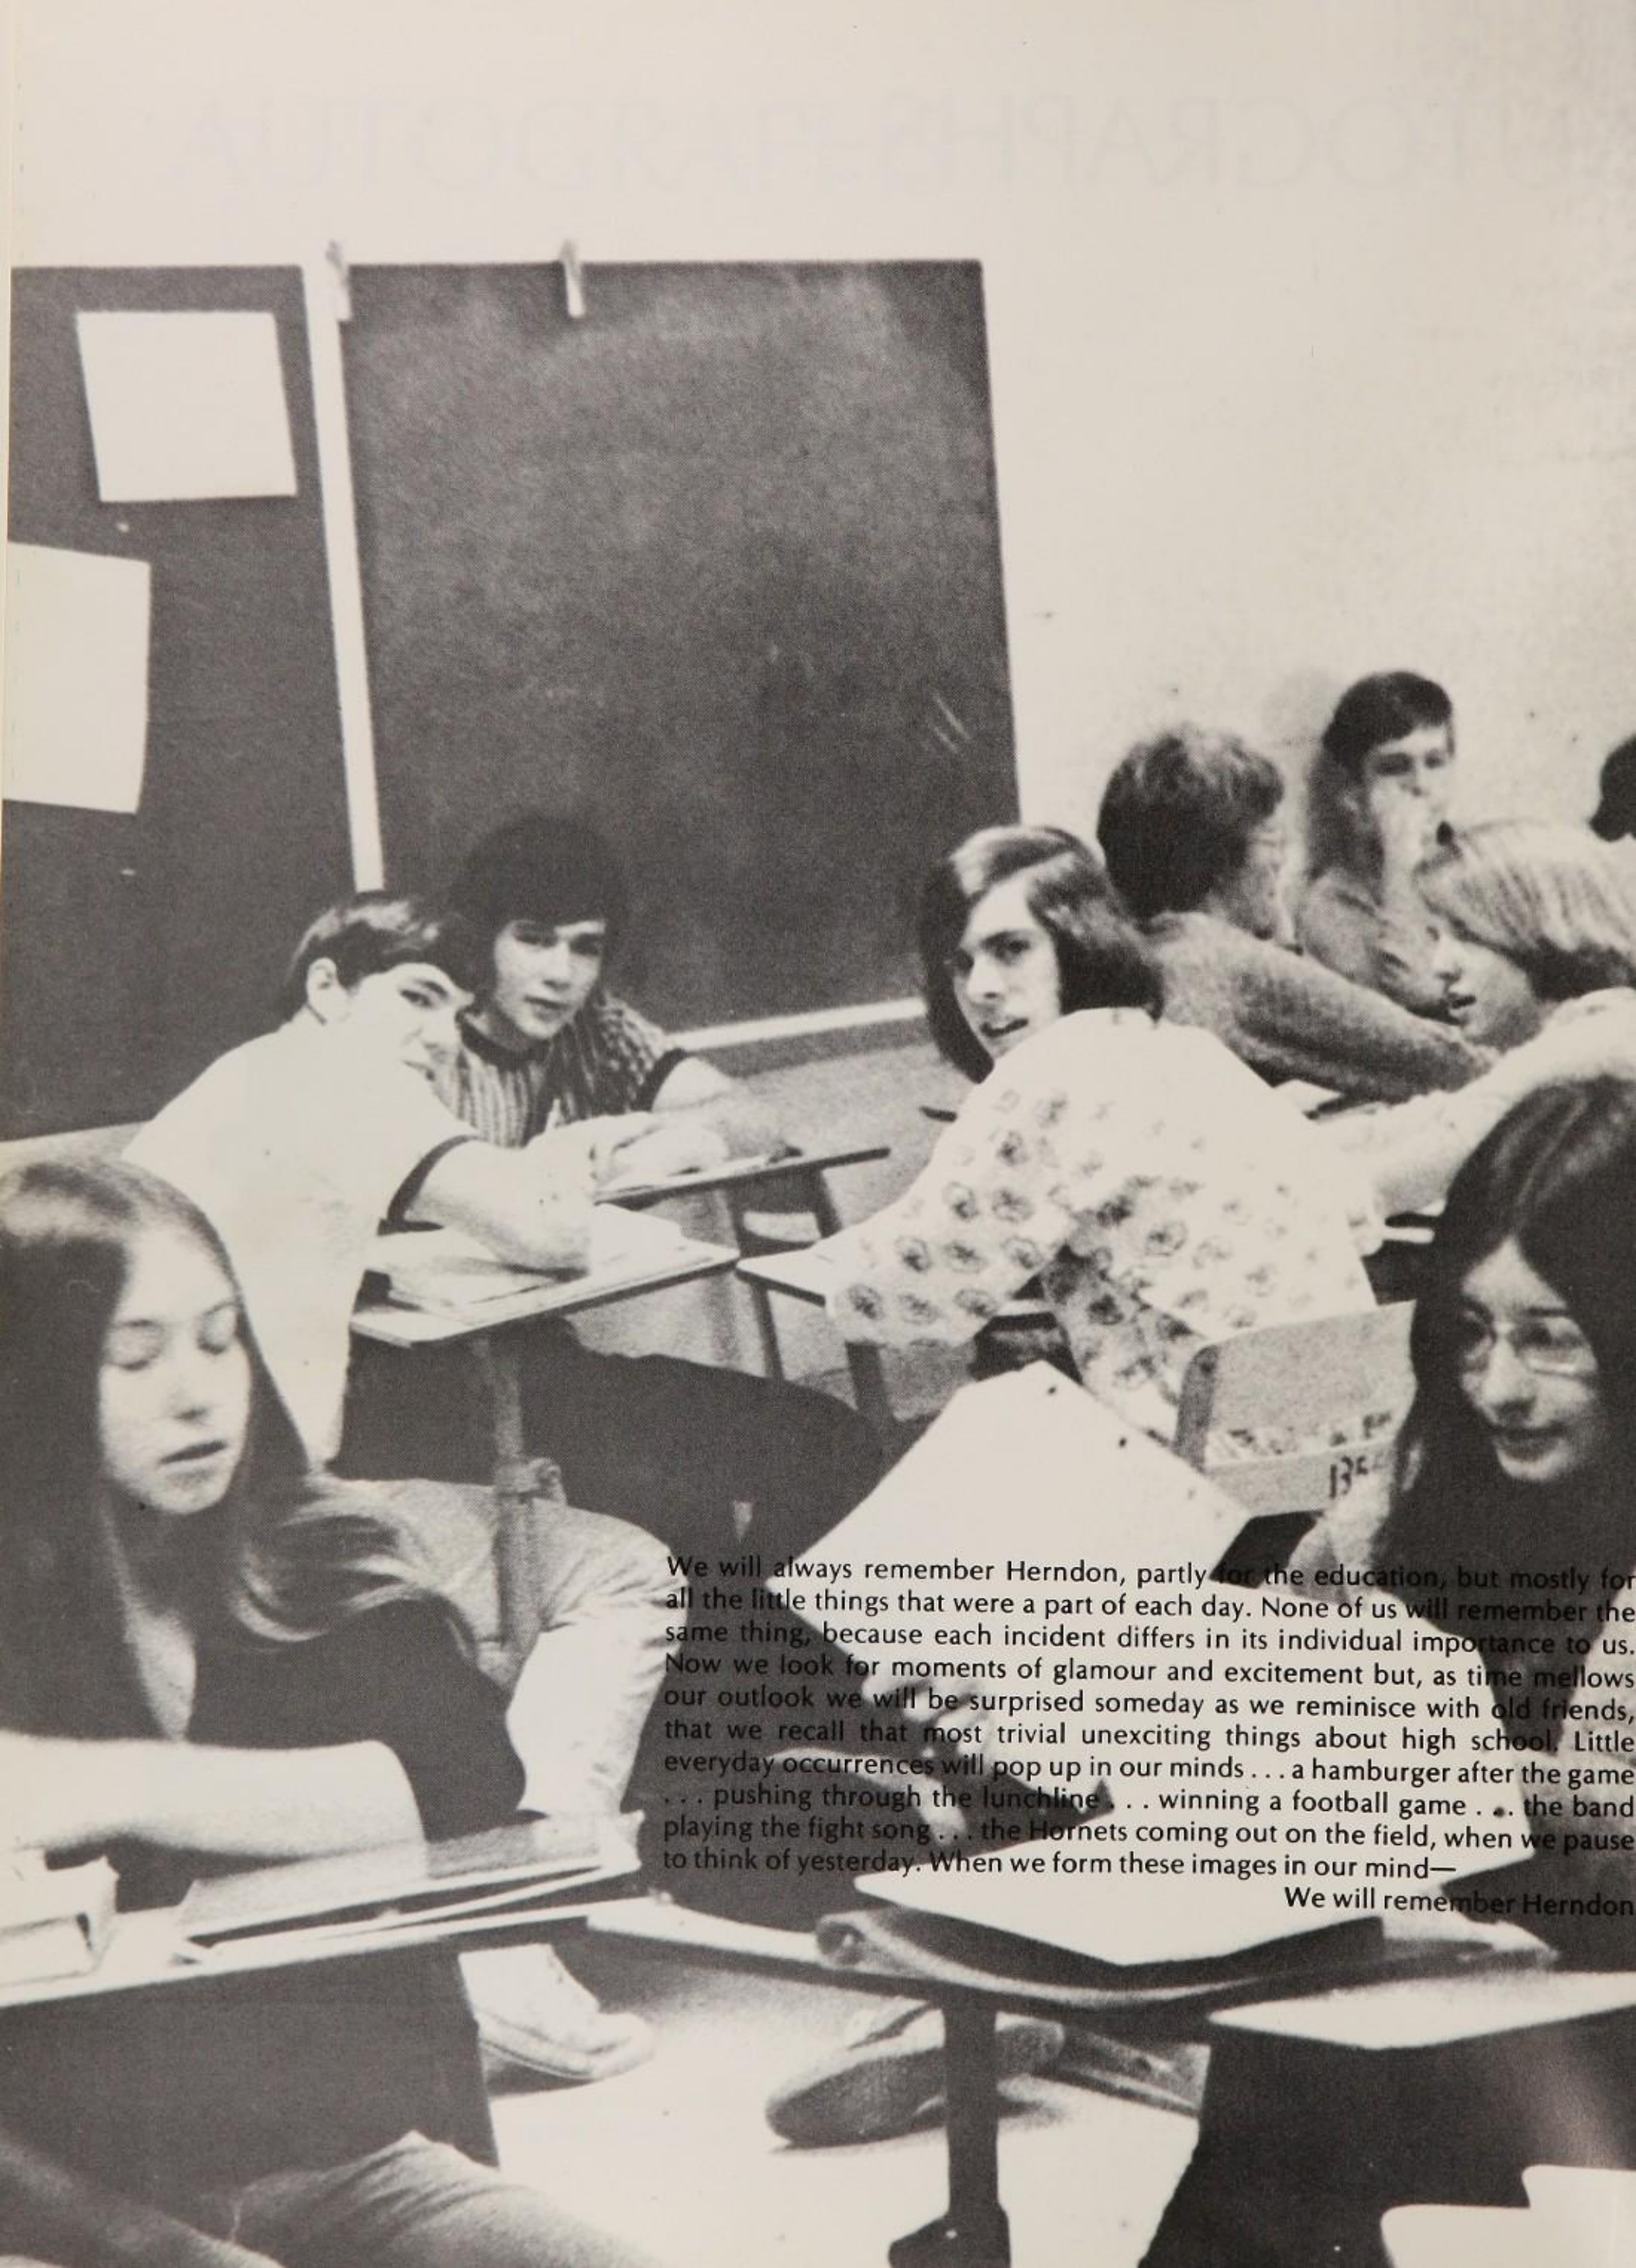

Sandy, I'm glad you let me take you out for lunch.
I really want you to be impressed with me.

AUTOGRAPHS

Oh! I'm really impressed.

We will always remember Herndon, partly for the education, but mostly for all the little things that were a part of each day. None of us will remember the same thing, because each incident differs in its individual importance to us. Now we look for moments of glamour and excitement but, as time mellows our outlook we will be surprised someday as we reminisce with old friends, that we recall that most trivial unexciting things about high school. Little everyday occurrences will pop up in our minds . . . a hamburger after the game . . . pushing through the lunchline . . . winning a football game . . . the band playing the fight song . . . the Hornets coming out on the field, when we pause to think of yesterday. When we form these images in our mind—

We will remember Herndon

To a Crazy, looney person,
sorry so messy but it is hard
to write on the bus!

Hope you have fun with
your horse in the summer!

Love
Chris "76"

If I grow more, and
hit my head on the
moon, I hope that
you're up there!

I'll see you this
summer. good luck
next year in school,
and both of us need that!
Love, Chris Maurick

I was here and
now have gone
left my name to
carry on

Larry Eisner

Crazy Julie,

Hope your summer
is fantastic. CRAZY is
a good name for you.
Hope not to see you
next year. (Only kidding,
stay as crazy as you
are -- well maybe not)
Love

Nese
